October 2012

Dear friends,

November is standing in the doorway, with the air becoming cool and a feeling of winter arriving.

This time we decided to present to you the significant advantage of Israel as a development and innovation country in medicine, communication and architecture.

We hope that you will enjoy this time, the 17th edition of the Magazine, like every time.

Karen Grunschlag Rozenberg

Head of Culture Department
Consulate General of Israel

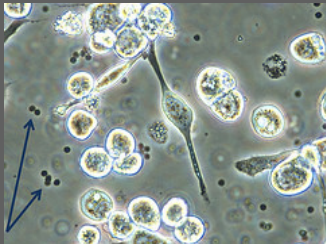

Israeli Patents Exhibition to debut in September

For the first time ever, Israel will host an international fair to introduce inventors to investors, patent attorneys, engineers and startups.
