To the family, friends and colleagues of Shimon Peres.

Let me on behalf of Yegor Gaidar Foundation and personally express deep condolences on the death of the President Shimon Peres - a remarkable person and an outstanding statesman.

His decisions had always pursued humanistic goals, as his political and public activities stood out in a unique way. If we compiled a list of people who dramatically changed and improved this world - his name would certainly be coming at the very top of it.

President Shimon Peres throughout his distinguished career remained a man of high principles and firm beliefs. We are sure that his life and achievements will set a great example for the generations to come. He will be greatly missed by all of us.

Sincerely yours,

Chair of the Managing Board
Yegor Gaidar Foundation

Boris Mints
