

IS THE EMBASSY ABLE TO ASSIST ME IN APPLYING FOR A BIOMETRIC PASSPORT?

The process of applying for a biometric passport **can only be done at a Ministry of the Interior bureau in Israel.**

You can schedule an appointment at a **Mol bureau online** for your next visit to Israel.

If you are a permanent resident of one of our accredited countries (Kenya, Uganda, Tanzania, Malawi, Seychelles) , and in case the duration of your stay does not allow you to wait for your new biometric passport to be issued and delivered to you Israel, note that you can request for your new biometric passport to be delivered to the Embassy of Israel in Nairobi.

The Mol will furnish you with a temporary passport, for the purpose of your trip back to East Africa.

Once the passport arrives at the Embassy we will contact you to arrange for collection and cancelation of the temporary passport you were granted.

all the rest of the details about application, payment and booking an appointment are available for you in **The Ministry of the Interior website**
