START TEL AVIV COMPETITION 2016 FEMALE ENTREPRENEURS

ABOUT

Start Tel Aviv 2016 is a global competition held by The Israeli Ministry of Foreign Affairs and Tel Aviv Municipality that brings together startups from 23 different countries around the world to compete for the opportunity to take part in an intense, five-day startup experience in Tel Aviv's unrivaled startup ecosystem.

Israel is a country known around the world as "The Startup Nation". Through its human capital, Israel generates more startup companies than other large, industrial nations around the world. In addition, Israel has attracted over twice as much venture capital investment per capita as the US and 30 times more than all the members of the European Union combined.

Tel Aviv is the business capital of Israel and a leading innovation hub with a local ecosystem of world class tech talents, dozens of leading multinationals and hundreds of tech startups. The city was named Europe's leading tech hub by the Wall Street Journal, ranked by Startup Genome as the 2nd best place in the world to open a startup and most recently ranked by Savills as one of the world's top three tech cities alongside San Francisco and Austin.
