Prime Minister

July 3, 2013

Dear Mr. Prime Minister,

Please accept my congratulations and best wishes on Croatia's accession to the European Union.

I am confident that the strong friendship between our countries will find expression in the intra-European discourse on issues relating to Israel and the Middle East.

I look forward to working together in order to further strengthen economic and other ties between Israel and Croatia in the years ahead.

Again, congratulations on this important achievement.

In friendship,
